Bardaft -- Germany? the long and winding road / Eric Gujer -- United States: facing the threat at home / Gary J. Schmitt -- U.S. counterterrorism in perspective / Gary J. Schmitt.
Sommario/riassunto	In Safety, Liberty, and Islamist Terrorism: American and European Approaches to Domestic Counterterrorism, Gary J. Schmitt leads a group of security and intelligence experts in analyzing the domestic counterterrorism regimes of the United Kingdom, France, Spain, Germany, and the United States. The author's in-depth analysis provides a unique window into the similarities and differences among the counterterrorism efforts of these major democracies and explores the possibilities (and limitations) of applying one country's lessons to another.
