Operations : the seven key factors -- pt. 4. Conclusions. Sommario/riassunto In this comprehensive aviation manual, Raoul Castro provides a source of invaluable corporate aviation management information. He begins by giving an overview of corporate aviation from its inception, then focuses on the management principles and functions that specifically target corporate aviation. Through the utilization of these sound management principles, Castro facilitates the acceptance of corporate aircraft as indispensable tools of industry. As Castro notes, few companies know how to use corporate aircraft to maximum advantage. Drawing on his expertise and ex
