Sommario/riassunto	A joint effort led by the African Development Bank and the World Bank, 'Leveraging Migration for Africa' is the first comprehensive publication

on harnessing migration, remittances, and other diaspora resources for the development of Africa. It comes at a time when countries in Africa and elsewhere are grappling with difficult choices on how to manage migration. Policy makers can help leverage the contributions of migrants to the development of Africa, reduce remittance costs, improve the efficiency of remittance markets in both origin and destination countries, and address the needs of the orig
