Sommario/riassunto	"David Gutmann is a highly successful consultant to leading institutions and organisations. In this enriching and challenging dialogue with the Italian journalist Oscar Iarussi, he brings his passion for life and unceasing search for true awareness for all to focus on the innovative principle of transformation. This book talks about transformation in a two-voice encounter resulting in a thought-provoking and rewarding read for laymen and academics alike. The tone of the account is

philosophical, whilst being light and dense."--Provided by publisher.
