Index

Sommario/riassunto

Offender profiling is now viewed as an integral part of serious crime investigations by many law enforcement agencies across the world and continues to attract a high public and media profile. Despite almost three decades of research and developments in the field, the public impression of offender profiling is still influenced by misleading media portrayals, which fail to acknowledge the significant developments in theory, research and practice. This book is the only book on the market to illustrate in detail the actual practice of Behavioural Investigative Advice, its diversit
