Sommario/riassunto

The selected articles compiled in the present volume are based on contributions prepared for the 17th International L.A.U.D. (Linguistic Agency University of Duisburg) Symposium held at the University of Duisburg on 23-27 March 1992. The 13 papers in this book focus on problems and issues of intercultural communication. The first part is devoted to theoretical aspects related to the interaction of language and culture and deals with the issue from anthropological, cognitive, and linguistic points of view. Part II raises issues of language policy and language planning such as the manipulation o
