Sommario/riassunto	'...if you feel that something is deeply wrong in the relationship between the state and civil society, and that there is too much interference in professional work, you will find this book both therapeutic and empowering.'- Max Travers, School of Sociology and Social Work, from the Foreword'This incisive study shows that ""regulation"", against which many have warned but which some psychotherapists still imagine to be a solution to all their ills, is actually already here. Janet Low traces her way through this apparatus, and makes a compelling case for taking the HPC seriously as a machine th
