Sommario/riassunto	This volume deals with the relation between pragmatics and the philosophy of mind. Unlike most of the books written on the subject, it does not defend the view that a specific form of dependence holds between language and thought, to the exclusion of all other possible relations. Taking pragmatics in its original sense of "that part of semiotics that is concerned with the users of a semiotic system", the book analyses the nature of the mental processes and states mirrored in language use. Drawing on results from cognitive psychology, the philosophy of mind, the philosophy of language, l
