Sommario/riassunto

As businesses continue to expand globally into new and emerging markets, bribery and corruption risks have increased exponentially. Bribery and Corruption offers a comprehensive look at this growing problem, and at the Foreign Corrupt Practices Act (FCPA) and other international anti-bribery and corruption conventions. Presenting hypothetical examples of situations companies will face, along with practical solutions, the book offers detailed global guidance on a region and country-specific basis. The FCPA prohibits US companies and their subsidiaries from bribing foreign officials, ei
