

1. Record Nr.	UNISA996503568903316
Autore	Klipphahn-Karge Michael
Titolo	Queere KI : Zum Coming-out smarterer Maschinen
Pubbl/distr/stampa	Bielefeld : , : transcript, , 2022 ©2022
ISBN	3-8394-6189-8
Edizione	[1st ed.]
Descrizione fisica	1 electronic resource (266 p.)
Collana	KI-Kritik / AI Critique
Classificazione	AK 54385
Altri autori (Persone)	KosterAnn-Kathrin BrussSara Morais dos Santos
Soggetti	Gay & Lesbian studies Media studies Gender studies, gender groups
Lingua di pubblicazione	Tedesco
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Frontmatter -- Inhalt -- Vorwort -- Einleitung: Queering KI -- I. Falsifikation -- Queere KI als materiell-diskursive Apparate -- Von Gesichtswеiblichkeit und Verweiblichung -- II. Somatik -- Monströse Körper, ambige Maschinen -- Queer-crip Perspektiven auf die Cyborg-Figur im Kontext von Künstlicher Intelligenz -- III. Konstruktion -- Hack back! Die historische Abwertung von Queerness bei KI und Potenziale des ›hacking back‹ -- Queering Intelligence -- IV. Intervention – künstlerische Beiträge -- PAST-DICK-TION -- State of Queerness Computing -- V. Pathologisierung -- Patching und Hoarding -- KI als Medium und ›message‹ und die (Un-)Möglichkeit einer queeren Antwort -- VI. Narrativ -- Innovation und Iteration -- KI in der Wildnis -- Nachwort -- Autor*innenverzeichnis
Sommario/riassunto	Gängige Formen von Diskriminierung sowie die Reproduktion normativer Stereotype sind auch bei künstlicher Intelligenz an der Tagesordnung. Die Beitragenden erläutern Möglichkeiten der Reduktion dieser fehlerhaften Verfahrensweisen und verhandeln die ambivalente Beziehung zwischen Queerness und KI aus einer interdisziplinären Perspektive. Parallel dazu geben sie einem queer-feministischen Wissensverständnis Raum, das sich stets als partikular, vieldeutig und unvollständig versteht. Damit eröffnen sie Möglichkeiten des Umgangs

mit KI, die reduktive Kategorisierungen überschreiten können.

2. Record Nr.	UNINA9910781492703321
Autore	Blank Rebecca M.
Titolo	Changing Inequality // Rebecca M. Blank

Details of the Chapter 6 Simulations -- Notes --

Sommario/riassunto

Rebecca M. Blank offers the first comprehensive analysis of an economic trend that has been reshaping the United States over the past three decades: rapidly rising income inequality. In clear language, she provides an overview of how and why the level and distribution of income and wealth has changed since 1979, sets this situation within its historical context, and investigates the forces that are driving it. Among other factors, Blank looks closely at changes within families, including women's increasing participation in the work force. The book includes some surprising findings—for example, that per-person income has risen sharply among almost all social groups, even as income has become more unequally distributed. Looking toward the future, Blank suggests that while rising inequality will likely be with us for many decades to come, it is not an inevitable outcome. Her book considers what can be done to address this trend, and also explores the question: why should we be concerned about this phenomenon?
