Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. -- pt. 2. -- pt. 3.
Sommario/riassunto	During the United States military occupation of Iraq, the Kurdistan region was one of the few places in the country where insurgent violence was not a daily occurrence. However, as tension with the Iraqi central government increases over issues of security, oil and gas management and the disputed territory of Kirkuk, and with Turkey and Iran continuing their cross border military operations, Kurdistan Iraq faces numerous challenges. The current context allows for a fresh look at the situation of the Kurds in Iraq. No longer subject to the cruel regime of Saddam Hussein, the Kurds are set to be important figures in the shaping of Iraq's future. The Future of Kurdistan: The Iraqi Dilemma focuses on how issues faced by Kurdistan Iraq today are being dealt with by both central government and international forces as well as on the prospects for Kurdistan and Iraq's political, economic and cultural future.
