Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The gay table -- Navigating mass society -- The bridge -- Mulatto America -- The eclipsed public -- The inner check.
Sommario/riassunto	The New Era examines American thought and culture in the 1920's through the eyes of a generation of American intellectuals who became tribunes of openness, experimentation, and tolerance. The book tracks the emergence of a new set of arguments and debates-over women's roles, sex, mass culture, the national character, ethnic identity, race, democracy, religion, and values-that would define American public life for the next fifty years.
