Sommario/riassunto	"The Accidental Library Marketer fills a need for library professionals and paraprofessionals who find themselves in an awkward position: they need to promote their libraries and services in the age of the internet, but they've never been taught how to do it effectively. This results-oriented A-to-Z guide by Kathy Dempsey--long-time editor of the Marketing Library Services newsletter--reveals the missing link between the everyday promotion librarians actually do and the "real marketing" that's guaranteed to assure funding, excite users, and build stronger community relationships. Combining real-life examples, expert advice, and checklists in a reader-friendly style, The Accidental

Library Marketer is the complete how-to resource for successful library marketing and promotion."--Cover.
