Nota di contenuto	Introduction: Henri Lefebvre and the city -- Henri Lefebvre's life, work and influence -- Key Lefebvrian concepts: critique of static space; critique of modern urban planning; critique of knowledge; critique of alienation in everyday life, movement and method -- The birth of the modern urban critic: Larra vs. Mesonero Romanos -- The living city: from Cerda to Martin-Santos -- Traversing the city, from Millas to Delgado Ruiz -- Visualizing the mediterranean, from Goytisolo to the videogame -- Conclusion.
Sommario/riassunto	Henri Lefebvre and the Spanish Urban Experience is the first book to thoroughly apply the French urban philosopher's thought on cities to the culture and literature of Spain. Fraser shows how Lefebvre's complex view of city as a mobile phenomenon is relevant to understanding a variety of Spanish cultural products-from urban plans and short writing on the urban experience during the nineteenth century to urban theories, cultural practices and literary fiction of the

twentieth century, pushing on to interrogate even the appearance of
Mediterranean space and Barcelona in recent videogames.
