Sommario/riassunto	Meeting a key need for teachers, this book provides practical, data-based tools for helping students with attention-deficit/hyperactivity disorder (ADHD) succeed in the classroom. The authors combine instructional expertise with extensive knowledge about the nature and treatment of ADHD. Coverage includes ways to support students and teach them needed strategies in core areas: academic skills, behavior, self-regulation, and social skills. Step-by-step instructions and concrete examples help teachers implement effective interventions and accommodations. The book also offers crucial gui

Sommario/riassunto	Praise for Foster and Magdoff's The Great Financial Crisis: In this timely and thorough analysis of the current financial crisis, Foster and Magdoff explore its roots and the radical changes that might be undertaken in response. . . . This book makes a valuable contribution to the ongoing examination of our current debt crisis, one that deserves our full attention.-Publishers Weekly There is a growing consensus that the planet is heading toward environmental catastrophe: climate change, ocean acidification, ozone depletion, global freshwater use, loss of biodiversity, and chemical pollution
