Leadership and public sector reforms -- pt. 4. Measuring public sector performance : managing governments by numbers -- pt. 5. International perspectives on public sector reforms.
Sommario/riassunto	Many countries are still struggling to adapt to the broad and unexpected effects of modernization initiatives. As changes take shape, governments are challenged to explore new reforms. The public sector is now characterized by profound transformation across the globe, with ramifications that are yet to be interpreted. To convert this transformation into an ongoing state of improvement, policymakers and civil service leaders must learn to implement and evaluate change. This book is an important contribution to that end. Reforming the Public Sector presents comparative perspecti

Sommario/riassunto

This volume gives further impetus to the recent trend of looking beyond the major figures of diplomats and foreign secretaries when seeking to understand of British foreign policy and diplomacy during the height of empire. By focusing on the legion of influential but less well-known figures on the fringes of diplomatic circles, it reveals how it is possible to observe the ways that such individuals, often overlooked by historians, can affect government decisions.
