Nota di contenuto	section 1. Introduction -- section 2. The problem -- section 3. The solution -- section 4. Experiences and best practices -- section 5. Recommendations -- section 6. Appendices -- section 6. References.
Sommario/riassunto	Scientific evidence has firmly established that there is no safe level of exposure to secondhand tobacco smoke (SHS), a pollutant that causes serious illnesses in adults and children. This book is divided into five main sections: Introduction; The Problem; The Solution; Experiences and Best Practices; and Recommendations.
