Sommario/riassunto	In Indonesia, the past two decades have been a time of great progress but also massive transformations and abrupt setbacks. In this context, this book reviews the main characteristics of - and trends in - demand for skills in Indonesia. It seeks to document the existence of a possible skills mismatch between employer demands and the available supply, the contribution of the education and training sector to this mismatch, and possible measures to improve the education and training system?s responsiveness to what the labor market and the economy need. In today?s job market in Indonesia, there ap

Sommario/riassunto	Author Interview on The Brian Lehrer Show. America is a weight-obsessed nation. Over the last decade, there's been an explosion of concern in the U.S. about people getting fatter. Plaintiffs are now filing lawsuits arguing that discrimination against fat people should be illegal. Fat Rights asks the first provocative questions that need to be raised about adding weight to lists of currently protected traits like race, gender, and disability. Is body fat an indicator of a character flaw or of incompetence on the job? Does it pose risks or costs to employers they should be allowed to evade? Or i
