	Sommario/riassunto	In the same way that a well-defined approach is needed to develop an effective strategic plan, an equally well-designed approach is needed to support the alignment of your organization's structure, management concepts, systems, processes, networks, knowledge nets, training,

hiring, and reward systems. Examining top-down, bottom-up, and core planning and execution processes, The Organizational Alignment Handbook: A Catalyst for Performance Acceleration provides a systematic approach for establishing the infrastructure needed to support a successful transformation and make yo
