Sommario/riassunto

Many of the fundamental ideas of the classical Prague School have guided or inspired much of the interdisciplinary post World War II research in linguistics, literary theory, semiotics, folklore and the arts. The Prague School promoted a humanistic and functional Leitmotiv of language as an open, flexible, adaptable, and abstract system of systems used by human beings to communicate. This homage to the Prague School presents papers in five areas of research:- Prague School phonology and its theoretical and methodological implications, - The Prague School and functional discourse analysis, - T
