Trajectories of patriarchy and emancipation across professions; Constructing masculine work identity through narrative; Stereotyping gender Living in therapeutic cultureIndex
Sommario/riassunto	This innovative book critically examines patriarchal hegemonies from a variety of theoretical and methodological perspectives. It challenges the Anglo-American bias of much gender and language research to date by including rich new data and insights from scholars working in countries such as Colombia, Liberia, Kenya, Vietnam, Japan, Greece, Bosnia-Herzegovina, Sweden, Denmark and Poland. Within these different

geographical contexts, a broadly defined notion of culture incorporates organizational cultures, subcultures of society, cultures of clans or tribes as well as national cultures, dependi
