Sommario/riassunto	The book explores those aspects of Donald MacKinnon's theological writings which challenge the claim of the liberal Catholic tradition in the Church of England to have forged an ecclesiological consensus, namely that the Church is the extension of the incarnation. MacKinnon destabilized this claim by exposing the wide gulf between theory and practice in that church, especially in his own Anglo-Catholic tradition within it. For him the collapse of Christendom is the occasion for a dialectical reconstruction of the relation of the Church to Jesus Christ

and to the world on the basis of the gospel.
