Non-rational desire and Aristotle's moral psychology / Giles Pearson -- Part IV. Virtues -- 10. Beauty and morality in Aristotle / T.H. Irwin -- 11. Justice in the Nicomachean Ethics Book V / Hallvard Fossheim.

Sommario/riassunto

Aristotle's *Nicomachean Ethics* is one of the most important ethical treatises ever written, and has had a profound influence on the subsequent development of ethics and moral psychology. This collection of essays, written by both senior and younger scholars in the field, presents a thorough and close examination of the work. The essays address a broad range of issues including the compositional integrity of the *Ethics*, the nature of desire, the value of emotions, happiness and the virtues. The result is a volume which will challenge and advance the scholarship on the *Ethics*, establishing new ways of viewing and appreciating the work for all scholars of Aristotle.
