Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Sommario/riassunto	<p>There are few today who can claim that the US occupation of Iraq has been a success, for Iraq or the US. <i>A War Too Far</i> takes this on by looking back on the many unanswered questions about the invasion itself. What was the real reason for the Iraq War? Did George Bush ever have a strategy to confront al-Qaida in one arena? How does the invasion alter Iraq's relationship with Iran? And what does this mean for the future? World-renowned security expert Paul Rogers tackles these questions, offering a uniquely insightful analysis of events during and after the war. Examining the delicate balance of power in Iraq, he explores the options for a US exit strategy, and how the invasion affects America's relationship with Iran. Paul Rogers predicted in 2000 that the US would experience a terrorist attack on its own soil. Subsequent events proved how accurate he was. This book is required reading for students, journalists, policy-makers and anyone interested</p>

in getting the whole story about the dangerous consequences of the latest American venture in the Middle East. Paul Rogers explores:<sup>\*</sup> The neo-conservative vision of a US-dominated Middle East<sup>\*</sup> The oil link - Iraq's significance in energy geopolitics<sup>\*</sup> Links with Israel - the development of close military cooperation between the US and Israeli military<sup>\*</sup> The growing possibility of a war on Iran and its potential repercussions Praise for Paul Rogers's previous book 'Iraq and the War on Terror': 'Incisive, elegant, profound: if you want to understand what happened and why, you should start here.' George Monbiot<sup>\*</sup> Paul Rogers is a secular prophet for our troubled age. This analysis should be required reading in the Pentagon.<sup>\*</sup> David Loyn, BBC<sup>\*</sup> Paul Rogers has proved himself, time and again, to be a dispassionate analyst of events in Iraq...this is a must read.<sup>\*</sup> Tom Walker, The Sunday Times
