Institutional Implications of the WTO's Suspended Animation Slipping into Obscurity: Crisis and Institutional Reform at the IMFA Comment on the Effective Possibilities of Multilateralism; Conclusion; Contributors; Index
Sommario/riassunto	In this book, leading international relations experts and practitioners examine through theory and case study the prospect for successful multilateral management of the global economy and international

security. In the theory section contributors tackle the big questions: Why is there an apparent rising tide of calls for reform of current multilateral organizations and institutions? Why are there growing questions over the effectiveness of global governance? Is the reform of current organizations and institutions likely or possible? Case studies include the examination of difficulties faci
