| Sommario/riassunto      | Offers an introduction to the field of ageing, highlighting the inter-connections between health, economic and social aspects of ageing. This book highlights the nature of ageing as an individual and societal experience. It is suitable for undergraduate and postgraduate students in fields such as gerontology, social policy, and social work.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
