Soggetti	German language - Old High German, 750-1050 - Syntax German language - Old High German, 750-1050 - Sentences German language - Old High German, 750-1050 - Verb German language - Old High German, 750-1050 - Word order
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Revised thesis (doctoral), University of Tübingen, 2005.
Nota di bibliografia	Includes bibliographical references (p. 337-358) and index.
Sommario/riassunto	This monograph is the first book-length study on Old High German syntax from a generative perspective in twenty years. It provides an in-depth exploration of the Old High German pre-verb-second grammar by answering the following questions: To what extent did generalized verb movement exist in Old High German? Was there already obligatory XP-movement to the left periphery in declarative root clauses? What deviations from the linear verb-second restriction are attested and what do such phenomena reveal about the structure of the left sentence periphery?
