Nota di contenuto	Front Matter -- Contents -- Illustrations -- Author's Note -- Introduction -- Beginnings -- From England to Newfoundland -- First Explorations -- The Holloway Era Begins -- From Academy to College -- A Time of Tragedy -- From Crisis to Crisis -- White Bay, Labrador, and the West Coast -- "And Still the Wonder Grew..." -- Cruise of the Argo: Notre Dame Bay -- School and Community Blurring the Boundaries -- A Visit to Snook's Arm -- The Work Continues -- Return to Labrador -- And So Farewell -- Epilogue -- Appendices -- Notes -- Bibliography -- Index
Sommario/riassunto	Holloway was a scientist and innovative teacher who opened his classes to the public and kept up with current developments in science, demonstrating new discoveries in public lectures. For a time College Hall at Methodist College, later named Holloway School, was the site for the production of X-rays and their use for diagnosis and treatment by local doctors.
