Sommario/riassunto	With increasing numbers of parents choosing to educate their children at home, an opportunity exists to explore education outside the school environment. Parents often discover that classroom approaches to teaching and learning do not easily translate into the home. As a result, some radically adjust their approach to educating their children, in some instances virtually abandoning any structured teaching or learning. Focusing on informal learning, this text examines in depth how children can acquire an education simply through everyday experiences. The text sets out to challenge fundamental a
