| Sommario/riassunto | This authoritative book brings together in a single volume international |

experts renowned in their specializations to discuss issues and current trends relating to maritime security. It looks at the issue of maritime security in the Asia-Pacific through a three step approach. Firstly, it surveys both the global maritime outlook and the outlook in each of the regions of Northeast Asia, Southeast Asia, and South Asia. From these regional perspectives, trends in commercial shipping and force modernization, and issues like the weapons proliferation and maritime terrorism are discussed.
