Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [232]-246) and index.
Nota di contenuto	Front cover; Half Title page; Series Editor; Title page; Copyright Page; Dedication; Contents; Preface; Part I; Chapter 1: Secondary data analysis: an introduction; Chapter 2: Pitfalls of secondary data analysis; Chapter 3: Promises of secondary data analysis; Chapter 4: Doing secondary analysis; Part II; Chapter 5: Sure Start and leisure habits: secondary analysis of aggregate data; Chapter 6: Traffic jams and gap years: secondary analysis of survey data; Chapter 7: From PISA to California: secondary analysis of international data; Part III; Chapter 8: Endpiece Appendix 1: Sources of secondary data Appendix 2: Effective data husbandry: managing secondary datasets; Appendix 3: Accessing the Economic and Social Data Service; References; Index; Back cover
Sommario/riassunto	Discusses about using secondary data in social and educational research. This book considers the role of secondary data analysis as a research method in contemporary social research. It introduces worked examples which show the potential for using secondary sources to answer a varied range of research questions.
