Nota di contenuto	Contents; Introduction; Part I: Extreme Situations; Part II: Individual Events; Part III: Epidemiological and Case-Control Studies; Part IV: Stress-Moderating and -Amplifying Factors; Part V: Complementary Approaches; Part VI: Overview and Integration; Index
Sommario/riassunto	""Adversity"" involves exposure to unpropitious or calamitous circumstances and it varies with gender, ethnic or racial background and socioeconomic status. In this volume, investigators review research on the nature of adversity and its relationship to major types of psychopathology.
