	Autore	Pittèri, Daniele
	Titolo	Democrazia elettronica / Daniele Pitteri
	Pubbl/distr/stampa	Roma ; Bari : Laterza, 2007
	ISBN	9788842084921
	Descrizione fisica	v, 169 p. ; 21 cm
	Collana	Libri del Tempo Laterza ; 410
	Disciplina	303.483
	Soggetti	Internet e politica
	Lingua di pubblicazione	Italiano
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Nota di bibliografia	Bibliografia : p. 149-167
2.	Record Nr.	UNINA9910799963903321
	Autore	Owusu-Apenten R. K.
	Titolo	Bioactive peptides : applications for improving nutrition and health // Richard Owusu-Apenten
	Pubbl/distr/stampa	Boca Raton : , : CRC Press, , 2010
	ISBN	0-429-13297-2 1-4398-1363-9
	Descrizione fisica	1 online resource (416 p.)
	Disciplina	572/.65
	Soggetti	Peptide drugs Dietary supplements Proteins - Metabolism Proteins in human nutrition Appetite stimulants
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia

Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front cover; Contents; Preface; Acknowledgments; Author; Chapter 1: Nutrition and the HostResponse to Infectionand Injury; Chapter 2: Bioactive Peptidesfor Nutrition and Health; Chapter 3: Dietary ProteinRequirements for Health; Chapter 4: Protein Turnoverand Economics within the Body; Chapter 5: Major Processes forMuscle Gain and Loss; Chapter 6: Inflammation and InnateImmune Response; Chapter 7: Infection and Sepsis; Chapter 8: Anabolic Dysfunction; Chapter 9: Bioactive Peptidesfor Alleviating Illness Anorexia; Index; Back cover
Sommario/riassunto	Presenting data from human studies and trials, along with recent research findings, this work summarizes the applications, and benefits of bioactive peptides used to mitigate major metabolic derangements arising from chronic illnesses and resulting in unwanted weight loss. Recent studies show bioactive peptides to enhance the body's antioxidant status, antisepsis capacity, immune function, anti-inflammatory capacity, mineral absorption, and appetite. This book covers general principles, such as host response, quality factors, protein economics, and muscle loss. It includes case studies on ageing, AIDS, COPD, diabetes, inflammatory bowel disease, kidney failure, and tuberculosis.--Provided by publisher.

3. Record Nr.	UNINA9910782536503321
Autore	Bersani Leo

Nota di contenuto	Preface -- One. The It in the I -- Two. Shame on You -- Three. The Power of Evil and the Power of Love -- Four. On a More Impersonal Note -- Conclusion
Sommario/riassunto	Two gifted and highly prolific intellectuals, Leo Bersani and Adam Phillips, here present a fascinating dialogue about the problems and possibilities of human intimacy. Their conversation takes as its point of departure psychoanalysis and its central importance to the modern imagination-though equally important is their shared sense that by misleading us about the importance of self-knowledge and the danger of narcissism, psychoanalysis has failed to realize its most exciting and innovative relational potential. In pursuit of new forms of intimacy they take up a range of concerns across a variety of contexts. To test the hypothesis that the essence of the analytic exchange is intimate talk without sex, they compare Patrice Leconte's film about an accountant mistaken for a psychoanalyst, Intimate Strangers, with Henry James's classic novella The Beast in the Jungle. A discussion of the radical practice of barebacking-unprotected anal sex between gay men-delineates an intimacy that rejects the personal. Even serial killer Jeffrey Dahmer and the Bush administration's war on terror enter the scene as the conversation turns to the way aggression thrills and gratifies the ego. Finally, in a reading of Socrates' theory of love from Plato's Phaedrus, Bersani and Phillips call for a new form of intimacy which

they term "impersonal narcissism": a divestiture of the ego and a recognition of one's non-psychological potential self in others. This revolutionary way of relating to the world, they contend, could lead to a new human freedom by mitigating the horrifying violence we blithely accept as part of human nature. Charmingly persuasive and daringly provocative, *Intimacies* is a rare opportunity to listen in on two brilliant thinkers as they explore new ways of thinking about the human psyche.
