Sommario/riassunto	Attachment abuse can involve both physical and emotional violence between people in close relationships, which includes couples, parents and their children, and adult children and their aging parents, among others. Attachment abusers blame their victims for their own feelings

of shame, inadequacy, or inability to love. Dr. Stosny's innovative and integrative approach to the treatment of attachment abuse emphasizes the importance of compassion for both the abused and the abuser. This hands-on manual provides a series of treatment modules designed to teach the perpetrators and the victims how to
