Sommario/riassunto

Case Studies in Islamic Banking and Finance is a pioneering resource that provides practical insights into the real world of Islamic financial transactions, and illustrates the complexities of this rapidly growing mode of modern finance. Based around 12 individual cases, the book stimulates discussion and develops the reader's understanding of Islamic finance by contrasting the theoretical concepts discussed in the author's companion text *Introduction to Islamic Banking and Finance* with practical real world situations. The cases cover core Islamic banking and finance topics includ
