Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Intimate and engaging, Michael Rockland's rich narrative presents perspectives on the GWB, as it is often called, that span history, architecture, engineering, transportation, design, the arts, politics, and even post-9/11 mentality. Stunning archival photos, from the late 1920's when the bridge was built through the present, are a powerful complement to the bridge's history.
