Sommario/riassunto

Crime prevention, surveillance, and restorative justice have transformed the response to crime in recent years. Each has had a significant impact on policy, introducing new concepts and reassessing traditional aims and priorities. While such efforts attract a great deal of criminological interest, they tend to be discussed within separate and discrete literatures, rather than as part of a cohesive and concerted effort. *Urban Crime Prevention, Surveillance, and Restorative Justice: Effects of Social Technologies* examines these emerging trends which are increasingly being con
