| Sommario/riassunto | This timely volume in the Springer Annual Review of Nursing Education series reflects the hottest issues and trends igniting national discourse today. Written by nurse educators and focused on the practice of teaching across settings, the Annual Review provides educators in associate, baccalaureate, and graduate nursing programs, staff development, and continuing education with an array of strategies to expand their horizons and enrich their teaching. From the lessons nurse educators and students learned in surviving the Gulf coast hurricanes to the impact of foreign nurses' immigration on Ame |
