Sommario/riassunto	Embodied Minds in Action works out a unified treatment of three fundamental philosophical problems: the mind-body problem, the problem of mental causation, and the problem of action. Hanna and Maiese offer a new paradigm for contemporary mainstream research in the philosophy of mind and cognitive neuroscience. - ;In Embodied Minds in Action, Robert Hanna and Michelle Maiese work out a unified treatment of three fundamental philosophical problems: the mind-body

problem, the problem of mental causation, and the problem of action.  
This unified treatment rests on two basic claims. The first is tha
