Sommario/riassunto	This is first book-length study of the politics surrounding the implementation of the WTO's Agreement on Trade Related Intellectual Property Rights (TRIPS), a controversial agreement administered by the World Trade Organization. - ;The fight between North and South over intellectual property (IP) reached new heights in the 1990's. In one corner, large multinational companies and developed countries sought to protect their investments. Opposing them, developing countries argued for the time and scope to pursue development strategies unshackled by rules forged to bolster the competitiveness...
