(a theory) -- Conclusions -- Chapter 10: Who Grows Up to be a Democrat, And Who Grows Up to be a Republican? -- Introduction -- Details -- How political viewpoints develop -- The parents of Democrats and Republicans -- Childhood life -- Conclusions -- Chapter 11: Do Deviants Grow Up to be Republicans? -- Introduction -- Details of a Seriously Flawed Study -- The terms "liberal" and "conservative" are too vague. -- Researcher assessments added circularity. -- Did Democrats make the conservatives look bad? -- Researcher bias -- Conclusions -- Chapter 12: Lessons to be Learned -- In My Opinion -- Introduction -- Details -- A lesson from Chapter 1: Delay having that first child -- A lesson from Chapter 2: Make civics education mandatory -- A lesson from Chapter 3: Work is the key to success -- A lesson from Chapter 4: Op.

Sommario/riassunto

Who are the real voters? Drawing on authoritative nationwide surveys and a wide range of quips and quotes, the author outlines the profiles of the average Republican and Democrat, and details their lifestyles, ethics, intelligence, and achievements in a multitude of charts and statistics. A recognized whistleblower who identified 2BN in false Social Security claims, the author pokes fun while poking holes in our prejudices about both national parties. This work, he says, is "an informative, fair, and constructive book that can broaden your understanding of Democrats and Republicans. Also, it'
