

1. Record Nr.	UNINA9910782799203321
Autore	Joshi S. R
Titolo	Biopesticides [[electronic resource] ] : a biotechnological approach // S. R. Joshi
Pubbl/distr/stampa	New Delhi, : New Age International (P) Ltd., Publishers, c2006
ISBN	1-281-78888-0 9786611788889 81-224-2435-X
Descrizione fisica	1 online resource (118 p.)
Disciplina	632.95
Soggetti	Natural pesticides Biological pest control agents Agricultural pests - Biological control
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Foreword; Preface; Contents; Chapter 1 Introduction; Chapter 2 Concepts and Practices of Biological Control; Chapter 3 Baculoviruses as Biocontrol Agents; Chapter 4 Bacillus Thuringiensis as a Biocontrol Agent; Chapter 5 Fungi as Biocontrol Agents; Chapter 6 Insects and Nematodes as Biocontrol Agents; Chapter 7 Biocontrol Using Biological Products; Chapter 8 Production of Transgenic Plants and Biological Control; Chapter 9 Application of Biotechnological Methods for the Control of Pests and Diseases; Chapter 10 Discussion; Bibliography; Index
Sommario/riassunto	This book is designed to meet the requirements of students belonging to undergraduate and postgraduate levels and researchers in the field of biological sciences. It contains information on biopesticides, a rapidly developing field of biotechnology, which encompasses aspects of its relevance to genetic manipulation of relevant organisms, environmental conservation and economics of agriculture.
