Sommario/riassunto	This book addresses recent developments in the study of quantifier phrases, nominalizations, and the linking definite determiner. It presents challenging ideas at the syntax-morphology, syntax-semantics, and lexicon-morphology interfaces and advances understanding of how quantification, definiteness, and nominalizations are encoded in grammar. - ;This book addresses recent developments in the study of quantifier phrases, nominalizations, and the linking definite determiner. It reflects the intense reconsideration of the nature of quantification, and of fundamental aspects of the syntax and sem
