Disciplina	956.95/3054
Soggetti	Nation-state Palestinian Arabs - Politics and government - 1993- Palestinian National Authority
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Resuming Arab Palestine -- The legal framework : disputing in, over, and outside of courts -- Constituting and reconstituting Palestine -- Inventing a parliament -- Civil society in theory and practice -- Democracy, nationalism, and contesting the Palestinian curriculum.
Sommario/riassunto	This timely and critically important work does what hostilities in the Middle East have made nearly impossible: it offers a measured, internal perspective on Palestinian politics, viewing emerging political patterns from the Palestinian point of view rather than through the prism of the Arab-Israeli conflict. Based on groundbreaking fieldwork, interviews with Palestinian leaders, and an extensive survey of Arabic-language writings and documents, Palestinian Politics after the Oslo Accords presents the meaning of state building and self-reliance as Palestinians themselves have understood them in the years between 1993 and 2002. Nathan J. Brown focuses his work on five areas: legal development, constitution drafting, the Palestinian Legislative Council, civil society, and the effort to write a new curriculum. His book shows how Palestinians have understood efforts at building institutions as acts of resumption rather than creation-with activists and leaders seeing themselves as recovering from an interrupted past, Palestinians seeking to rejoin the Arab world by building their new institutions on

Arab models, and many Palestinian reformers taking the Oslo Accords as an occasion to resume normal political life. Providing a clear and urgently needed vantage point on most of the issues of Palestinian reform and governance that have emerged in recent policy debates—issues such as corruption, constitutionalism, democracy, and rule of law—Brown's book helps to put Palestinian aspirations and accomplishments in their proper context within a long and complex history and within the larger Arab world.
