Sommario/riassunto	Produced by the Urban Institute for the United States Agency for

International Development and the World Bank Institute, the sourcebook gives access to a wealth of knowledge and information on intergovernmental finance issues in Central and Eastern Europe by providing electronic links to a large number of documents included on a CD-ROM. The documents discuss the basic concepts and principles, and describe the evolution of intergovernmental finance in the countries of the region. The printed sourcebook, which is also on the CD-ROM, serves as a roadmap to help the reader explore the documents an
