1.	Record Nr.	UNINA9910783304803321
	Titolo	Couple observational coding systems [[electronic resource] /] / edited by Patricia K. Kerig, Donald H. Baucom
	Pubbl/distr/stampa	Mahwah, N.J., : Lawrence Erlbaum Associates, 2004
	ISBN	1-135-62980-3 1-4106-1084-5
	Descrizione fisica	1 online resource (388 p.)
	Altri autori (Persone)	KerigPatricia BaucomDonald H
	Disciplina	306.872/072
	Soggetti	Married people - Research - Methodology Couples - Research - Methodology Observation (Psychology) - Methodology
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	Description based upon print version of record.
	Nota di bibliografia	Includes bibliographical references (p. 335-361) and indexes.
	Nota di contenuto	Book Cover; Title; Copyright; Contents; Contributors; Preface; I Conceptual and Methodological Issues; 1 Coding Couples' Interactions: Introduction and Overview; 2 Couples Observational Research: An Impertinent, Critical Overview; 3 Methodological Guidelines for Conducting Observations of Couples; 4 Data Analytic Strategies for Couple Observational Coding Systems; II Problem Solving and Communication; 5 Rapid Marital Interaction Coding System (RMICS); 6 The MICSEASE: An Observational Coding System for Capturing Social Processes 7 The Interactional Dimensions Coding System: A Global System for Couple Interactions8 Kategoriensystem fur Partnerschaftliche Interaktion (KPI): Interactional Coding System (ICS); 9 Communication Skills Test (CST) Observational System for Couples' Problem-Solving Skills; 10 Observational Coding of Demand-Withdraw Interactions in Couples; 11 System for Coding Interactions in Dyads (SCID); III Affect and Intimacy; 12 The Specific Affect Coding System (SPAFF); 13 Turning Toward Versus Turning Away: A Coding System of Daily Interactions 14 Repair Attempts Observational Coding System: Measuring De-Escalation of Negative Affect During Marital Conflict15 Coding Intimacy

Sommario/riassunto	A companion volume to Family Observational Coding Systems, this book moves from the triad to the dyad and provides a showcase for significant developments in the coding of intimate couple interactions. The hope is that this book will contribute to the broadening and deepening of the field by disseminating information both about the coding systems that have been developed, as well as the conceptual and methodological issues involved in couple observational research. The first three chapters present overviews of conceptual and methodological issues in the study of couple pro
