Sommario/riassunto	After such conflicts as World War II, Vietnam, and now the Persian Gulf, the First World War seems a distant, almost ancient event. It conjures up images of trenches, horse-drawn wagons, and old-fashioned wide-brimmed helmets--a conflict closer to the Civil War than to our own time. It hardly seems an American war at all, considering we fought for scarcely over a year in a primarily European struggle. But, as Ronald

Schaffer recounts in this fascinating new book, the Great War wrought a dramatic revolution in America, wrenching a diverse, unregulated, nineteenth-century society into the modern

## Sommario/riassunto

Policies and procedures are the foundation of internal controls for organizations. Taking a complicated subject and breaking it into manageable components, this book enables you to hit the ground running and significantly accelerate your completion of a solid policies and procedures program. Comprehensive and practical, this useful book provides you with sample documents you can personalize and customize to meet your company's needs.
