Osteria. -- The Americans: educational reform, external forces, and internal challenges / Jeffrey M. Puryear. -- Conclusion: what type of social-policy reform for what kind of society? / Daniel Morales-Gomez and Mario Torres A.
Sommario/riassunto	Transnational Social Policies specifically addresses the worldwide trend

for national policies on human and social development to be increasingly influenced by agendas that are international, or "transnational," in nature. In doing so, the book examines the underlining international developmental, ethical, economic, and political issues shaping national policies in health, education, and employment in the developing world. This book's focus on the "transnational" character of the social policy debate makes it a truly unique and original contribution to the literature. It will appeal to the acad
