Participatory Internal Monitoring and Evaluation in Water Projects: A C |
| Sommario/riassunto | This book presents leading-edge analysis on the theory and practice of |

participatory evaluation around the world. With its instructive case studies from Bangladesh, El Salvador, Ghana, India, Indonesia, Kenya, Mexico, Nepal, and St Vincent, the book is a guide to a community-based approach to evaluation that is at once a learning process, a means of taking action, and a catalyst for empowerment. Knowledge Shared is the most comprehensive book now available on participatory evaluation. It is intended primarily as a tool for practitioners and policymakers in all segments of development cooperatio
