Soggetti	Bioterrorism
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Proceedings of the NATO Advanced Research Workshop on Preparedness Against Bioterrorism and Re-emerging Infectious Diseases, 15-18 January 2003, Warsaw, Poland -- T.p. verso.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Title page; Editorial: Building Integrated Preparedness against Bio-Terrorism; Key Speakers; Other Participants and Observers; Contents; Part 1. Contemporary Epidemiology With Laboratory Support as a Biological Attack Identification Tool; Part 2. National Approaches to Biodefence in Central and Eastern Europe Countries; Part 3. Risk Assessment, Crisis Management and NBC Training; Part 4. Applied Research; List of Tables and Figures; Author Index
Sommario/riassunto	In these papers drawn from the January 2003 workshop, contributors describe methods of building integrated systems to combat epidemics and bio-terrorism. Their general topics include developing epidemiology with laboratory support as a biological attack identification tool, using national approaches to biodefense, and conducting risk assessment, cr
